

DET BPAD Document Sales UPS Shipping and Cost Analysis

Report Date: December, 2017

Data Frequency: Quarterly

How do we measure it? UPS shipping and cost data is collected for from Document Sales on a monthly basis. The data is separated by line item shipping costs, total units, and weight. Doc Sales representatives export the data that is then rolled up to monthly totals. Included in the data is UPS Ground and UPS 2nd-Day shipping.

This chart is a snapshot of the shipping cost directly related to orders through Document Sales.
