

DET MISSION

DET delivers enterprise IT resources and services designed to optimize Wisconsin citizen interactions with state government.

"Your responsive, reliable strategic partner"

DET VISION

DET works to be the service provider of choice, exceeding customers' expectations and allowing state agencies to focus on their core business.

The INSPIRE model is a communication tool composed of seven words that generate proactive individual/team/customer communication and collaboration. Beginning with the first word of the model, "involvement," and ending with "excellence," each word is used as a guideline to generate specific behaviors that achieve positive individual and team results.
