CenturyLink Web Conferencing
Web Conferencing that works

Welcome to CenturyLink Web Conferencing, a virtual meeting solution that works the way real people do. CenturyLink Web Conferencing brings phone and web conferencing together and makes meetings simple and painless. No participant downloads. No passcodes or dial-in numbers. The meeting calls you! Simple! Connect with up to 125 people at a time for one low rate each month.

WE MADE IT SIMPLE, SO YOU CAN

- Connect to meetings with one click from your desktop or mobile device.
- Forget about passcodes and dial-in numbers. The meeting calls you.
- Get a personal, permanent web address with your name on it.
- Eliminate the hassle of software downloads for your participants.
- Manage audio meetings with visual desktop controls.
- Personalize meetings with voice activated webcam video.
- Connect globally with international support.
- Stop taking notes. Record the meeting audio and video with one click.
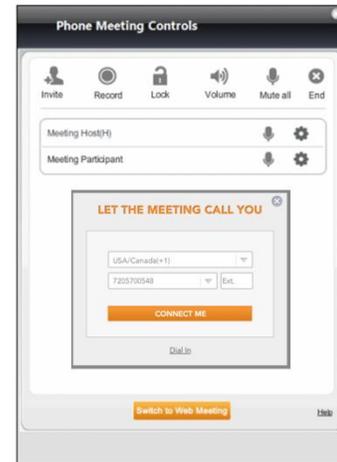

WE LINKED AUDIO AND WEB, SO YOU CAN

- Move easily between audio and web meetings, whenever the need arises.
- Manage meetings with common controls for moderators and participants, regardless of how they're connected.
- See who's present and know who's talking, in real-time whether they're on a phone or webcam.
