

Plans - Wireless

State Voice Plans:

These are pay-as-you-go plans. They will provide the most cost-effective price for the majority of State users. These plans may be used with combination voice & data devices (SmartPhones).

State SmartPhone Data Plans:

These are basic data plans for use with SmartPhones.

State Aircard Data Plans:

These are basic data plans for use with Aircards.

Alternate Rate Plans:

These include all other wireless plans including voice service, data service, walkie-talkie service, and bundled services such as voice and data, push-to-talk, and voice, etc.

Local Number Fulfillment:

Vendor will provide cellular telephone numbers that are local to user's primary employment location. There may be a few exceptions, especially in rural areas.
